

# Evelyn Partners MM Endurance Balanced Fund B share class

## With investing your capital is at risk

### Fund Aim

The objective of the Fund is to achieve a balance between capital growth and income over the longer term (over 4 to 7 years). The Fund is actively managed and in normal market conditions invests at least 70% of its assets in UK and European domiciled collective investment schemes.

### Fund Performance

Performance figures are shown in GBP, gross of any initial charges, net of ongoing charges and include any income reinvested (net of UK Basic Rate tax) at ex dividend dates to the Reporting Date. The effect of the deduction of any initial charges (where applicable) would be to reduce returns. Periods over 1 year are annualised. Performance data is sourced from Morningstar, which does not include the impact of tax but does include the impact of the OCF.

The benchmark used are for comparison only to help you understand the performance of your investment relative to MSCI PIMFA Balanced, as it best reflects the Fund's asset allocation.

### Trailing Performance (%)

Trailing returns are a way to calculate the value of investments over a period of time. Instead of calculating the return on investment at the point when it is sold, trailing returns take into account how much it has risen or fallen since then.

## Important Information:

You may face a financial loss should the Fund or the depository default on their obligations. There is no compensation or guarantee scheme in place which may offset all or any such loss. You are required to read the Key Information Document (KIID) before making an investment. The KIID, prospectus and supplements for all funds are available free of charge at [www.evelyn.com/services/funds/](http://www.evelyn.com/services/funds/) or by calling 020 3131 6197. The KIID contains additional information about costs and charges. In difficult market conditions, the Fund may not be able to buy and sell investments at the best time or at a fair price. This could affect the Fund's performance, potentially reducing your returns.
